Kristal Deininger, Community Development Administrator

SUBMITTAL REQUIREMENTS FOR BUILDING PERMITS

(Other than Commercial, Industrial and Multi-Family Structures)

The following submittals are required prior to issuing a building permit. Failure to submit all requirements at the time of application will delay the review process. Construction and/or disturbance of soil prior to a Building Permit/Erosion Permit may result in fines and a Stop Work Order. Applications are accepted and permits issued between 9:00 a.m. and 4:30 p.m. Monday through Friday.

There is a 48 Hour review period for all permits requiring a Plan Review. This does not ensure that you will receive your permit within 48 hours, but that the Department will contact you regarding the status of permit and with any questions within this period.

Plans are reviewed for compliance with the following codes: Tazewell County Zoning Code, current State of Illinois Plumbing Code Part 890, 2012 International Residential Code, 2011 National Electrical Code, 2012 International Mechanical Code and 2015 Illinois Energy Conservation Code.

State of Illinois law requires residential building permit applications to meet standards outlined in the 2015 Illinois Energy Conservation Code. These laws apply to permits for all new homes, home remodels, and changes in area from non-conditioned to conditioned space. Also, garage and accessory structures equipped with larger than a 100 amp electrical panel unless the Code Official determines that the electrical service is necessary for purposes other than providing electric comfort heating.

****New Homes – 48 Hour Review Period**

- A valid 911 address assigned by the Community Development Office.

Owners of improved property shall post that property's address number(s), as assigned by Tazewell County, on a principal building or structure, at or near the main entrance of said principal building or structure, but not further than eighty (80) feet from the centerline of any right-of-way to which the structure faces. The minimum height of each number shall be four (4) inches to meet the requirements under 5-2(a) and three (3) inches, and the maximum height shall be twelve (12) inches. Numbers shall be Arabic, uniform in height, color, and style with no fractions or decimals allowed.
- Proof of septic/sewer
 1. Septic permit issued by the Tazewell County Health Department – phone: 309-477-2223
 2. Or, an appropriate letter from the Sanitary District stating that owners have applied for hookup.
- Completed Erosion Control Permit Application.
- Completed Building Permit Application
- 2 Full sets of construction plans drawn to scale. Minimum size- 11"x17" (1/4" = 1' minimum scale legible). (unless otherwise specified by Staff)
 1. **Foundation Plan**

(Include beams & columns with sizes & locations, egress windows & stair location and sizes, information)
 2. **Detailed Floor Plans**
 3. **Exterior Elevation Views** of all four sides (include window size, roof venting, decks and guardrail, roofing and siding materials).
 4. **Detailed Wall Sections** (include all construction components notes from roof to footings, see example.)
 5. **Deck plans or provided diagram**, if applicable.

Must include post size and spacing, beam size and span, joist size and span, footing size for corners and intermediates.
 6. **Modular, Log, and/or Package homes:** Full package set including the specific Codes designed to, must be presented along with plans of all on site construction detail, i.e. foundation plans at the time of submittal.

- Compliance with 2015 Illinois Energy Conservation Code
 1. Passed REScheck compliance report bearing the signature of the responsible party. (www.energycodes.gov)
- Site Plan of the lot showing; the proposed structure, all distances to lot lines, distance to other structures, and **including** location and distance to the well and septic.
- Completed Mechanical Permit Application(s) – All applications are not required to be submitted/approved/issued at the same time, however keep in mind that lack of doing so may cause delays in the inspection process.
 1. Electrical Permit Application.
 2. Plumbing Permit Application – individual must be an Illinois licensed plumber if work is performed by anyone other than homeowner. A copy of their Illinois plumbing license and State plumbing contractor’s license is required.
 3. HVAC Permit Application, with ACCA Manual J calculations if available.
- A list of names and phone numbers for all sub-contractors: Builder, Electrician, Plumber, HVAC Contractor, Insulator, Roofer, Lawn Sprinkler, Contractor, and Fire Alarm/Sprinkler Contractor.
- Roofing License Number – per the Illinois Roofing Industry Licensing Act 225 ILCS 335. (New Dwellings only).
- Road Access Permit. Contact the Township Road Commissioner, County Highway or IDOT for road access requirements.

****Room Additions – 48 Hour Review Period**

- Completed Building Permit Application
- 2 full sets of construction plans drawn to scale. Minimum size 11”x17” (1/4” = 1’ minimum scale legible). (Unless otherwise specified by Staff)

Indicate where new addition attaches to old building

 1. **Foundation Plan** (include beams & columns with sizes & locations, egress windows & stair location and sizes, concrete slab information, electrical layout and equipment location, ect.)
 2. **Detailed Floor Plans**
 3. **Exterior Elevation Views**, of all four sides.
(include window size, roof venting, decks and guardrail, roofing and siding materials).
 4. **Detailed Wall Sections** (include all construction components notes from roof to footings)
 5. **Deck plans or provided diagram**, if applicable. Must include post size and spacing, beam size and span, joist size and span, footing size for corners and intermediates.
- A Site Plan of the lot showing; the proposed structure, all distances to the lot lines, distances to other structures and **including** location of well and septic.
- Proof of Septic Inspection or new Septic permit *where applicable*
 1. Septic permit or approved septic inspection issued by the Tazewell County Health Department – phone 309-477-2223
- Completed *Applicable* Mechanical Permit Application(s) -
 1. Electrical Permit Application.
 2. Plumbing Permit Application – installer must be an Illinois licensed plumber if work is performed by anyone other than homeowner. A copy of their Illinois plumbing license and State plumbing contractor’s license is required.
 3. HVAC Permit Application, with ACCA Manual J calculations if available.

****Interior Renovations/Repair Alterations**

- Completed Building Permit Application
- Detailed scope of work explaining all demolition areas and what is being rebuilt. Any HVAC work, plumbing work and electrical work. Materials being used on all disciplines.
- Detailed Floor Plan
- Completed *Applicable* Mechanical Permit Application(s). All Applications must be submitted at the time of Plan Review.
 1. Electrical Permit Application.
 2. Plumbing Permit Application – must be an Illinois licensed plumber if work is performed by anyone other than homeowner. A copy of their Illinois plumbing license and State plumbing contractor’s license is required.
 3. HVAC Permit Application with ACCA Manual J calculations if available
- Compliance with 2015 Illinois Conservation Code, *if applicable for conditioned areas only*
 1. Passed REScheck compliance report bearing the signature of the responsible party.
(www.energycodes.gov)

****Unattached Garages/Accessory Structures/Sheds (Over 200 Sq. Ft.)**

- Completed Building Permit Application
- 1 Complete Plan set including; foundation, wall section and elevations or completed diagram provided by the Department.
- Compliance with 2015 Illinois Conservation Code, *if applicable for conditioned areas only*
 1. Passed REScheck compliance report bearing the signature of the responsible party.
(www.energycodes.gov)
- Site Plan of the lot showing the proposed structure and all distances to lot lines and other structures **including** location of septic and well.
- If applicable, a completed electrical, plumbing and HVAC permit.

****Decks/Porches – No Plan Review Required, On-Site Compliance (Over 200 Sq. Ft.)**

- Completed Building Permit Application, to include completed diagram provided by the department or detailed plans.
- Site Plan of the lot showing the proposed structure and all distances to lot lines and other structures **including** location of well and septic.

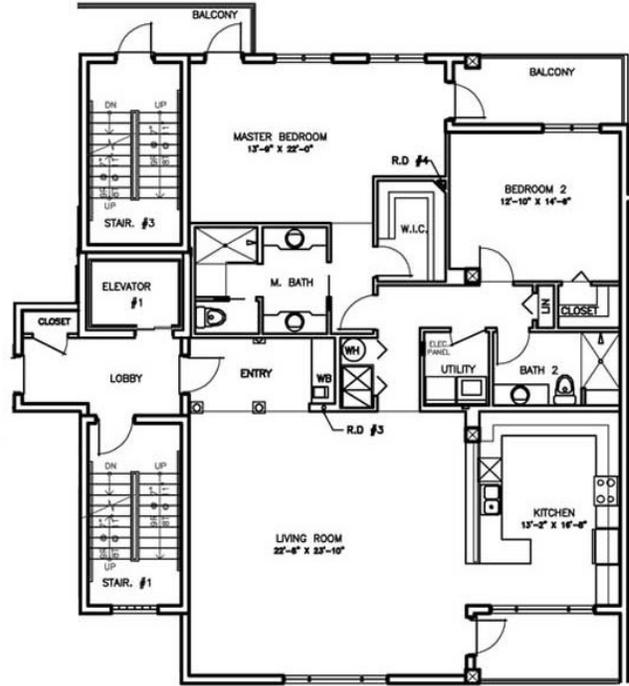

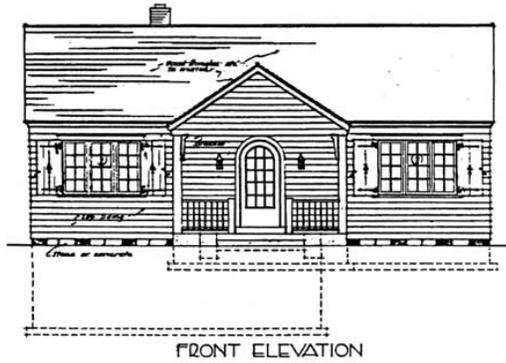

****Unattached Garages/Accessory Structures/Sheds & Decks/Porches (Under 200 Sq. Ft)**

- Completed Building Permit Application
- Site Plan of the lot showing the proposed structure and all distances to lot lines and other structures **including** location of well and septic.

****Inground & Above ground Pools – No Plan Review Required, On-Site Compliance where applicable**

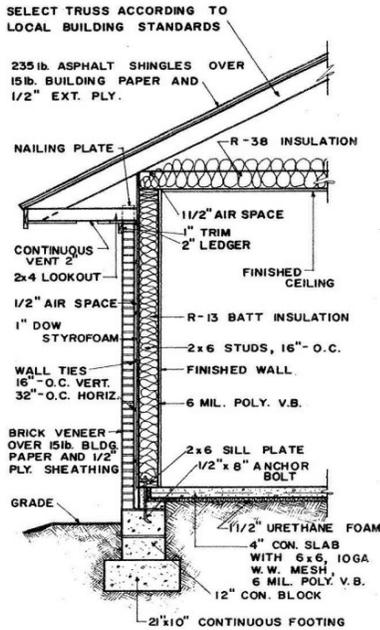

- A Site Plan of the lot showing; the proposed structure, all distances to lot lines, distances to other structures and **including** the location of the well and septic. **Electrical permit required as well.**

Construction Plans @1/4" = 1' are required for new Residential Dwellings and Additions.
 Below are some **examples** of what we expect to be submitted.

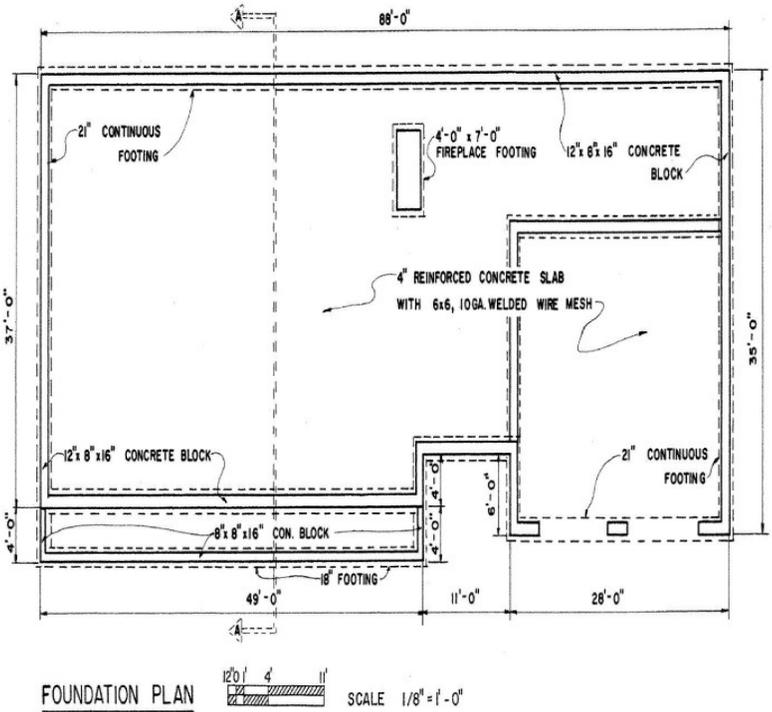

ELEVATION VIEWS
 •The type of foundation or anchoring will vary depending on the type of structure, a deck may be on concrete piers and a shed may only require anchoring

FLOOR PLAN
 •The floor plan must also include electric, size and direction of joists, rafters, headers etc:

TYPICAL WALL SECTION
 SCALE 1/2" = 1'-0"

FOUNDATION PLAN
 SCALE 1/8" = 1'-0"

WALL SECTION/CROSS SECTION
 •The type of foundation or anchoring will vary depending on the type of structure. A cross section is required for a wood deck. It must show the piers and guard rail.

FOUNDATION PLAN
 •The type of foundation or anchoring will vary depending on the type of structure, a deck may be on concrete piers and a shed may only require anchoring

These drawings are examples only; they do not reflect Tazewell County Code requirements

**NOTICE TO HOMEOWNERS
ACKNOWLEDGING COMPLIANCE WITH THE
TAZEWELL COUNTY BUILDING AND PROPERTY MAINTENANCE CODE**

This notice is being distributed to all applicants for new construction other than a single family dwellings and room additions.

This applicant understands that by obtaining a building permit for said construction as indicated within the building permit that the new structure will be constructed in compliance with the 2012 International Residential Building Code and other Codes as applicable specific to each project.

Your project will be inspected for compliance with specific Codes related to the said project by the Building Inspector for the Community Development Department.

The undersigned agrees to the above requirements and will adhere to Building and Property Maintenance Code of Tazewell County:

NOTICE REGARDING RESIDENTIAL PLUMBING WORK

This notice is being distributed with residential plumbing permit applications to remind homeowners or make aware a key requirement of the Illinois State Plumbing Code. This Code requires all plumbing work, must be performed, by an Individual or Firm, licensed and registered to perform plumbing work, in the State of Illinois.

The only exception to this requirement is that homeowners may perform their own plumbing work for a single family residence. They are to have the knowledge to perform the plumbing work.

If the homeowner subcontracts the plumbing work, a Plumbing Contractor licensed and registered with the Illinois Department of Public Health shall install it.

The undersigned agrees to the above requirements:

Name: _____

Address: _____

Date: _____

******NOTICE TO INDIVIDUALS REQUESTING 911
ADDRESS******

The Tazewell County Board understands the importance of efficient and orderly addressing for all properties in the unincorporated areas of Tazewell County. Therefore, the Tazewell County Department of Community Development has been authorized by the County Board to accept 911 addressing applications and fees for properties needing an address assignment.

Please note that the 911 Addressing Application and \$50.00 fee must be filed with the Tazewell County Community Development Department prior to issuance of the Building Permit. If the application is not completed in its entirety we will not be able to issue the Building Permit. Once the application is filed with the Tazewell County Department of Community Development there will be an approximate ten (10) day waiting period to receive your address.

Please complete the attached application in its entirety!!! Then return the application with the \$50.00 fee to the Tazewell County Department of Community Development. We will then Transmit all information to the Addressing Contractor who conducts the field work. Be sure to identify the driveway with stakes, this helps the addressing contractor to accurately identify the property.

*****PLEASE DISPLAY THE NEW 911 ADDRESS PROPERLY AND VISUALLY!!!! IF THE ADDRESS IS NOT VISUALLY DISPLAYED A CERTIFICATE OF COMPLIANCE WILL NOT BE ISSUED BY THIS OFFICE!!!***

If you have any questions, please do not hesitate to contact the Community Development Office at (309) 477-2235. Thank-you for your cooperation regarding this matter!!
